Studio E / Motions - Francis Munch - Curriculum:

1987 / 1991:

Mechanical Engineer at Jet Aviation Basel, with a main focus of structural installations and repairs, systems engineering (Oxygen, water and air conditioning), galleys and furniture constructions.

1992 / 1999:

Headed the Design Studio Department as Manager of VVIP/Head of State completions. In this capacity, I provided extensive project management, design, specifications and quotations for the following aircraft: Boeing 707, 727, 767-200, 767-300, 757-200, 737-700 Boeing Business Jets, 737-300, 737-200, IL96, Airbus A340, A319CJ, Gulfstream GV, Challenger CL601-3A and Falcon 900, 2000, 50 and 20. While in this position, I interfaced with many high profile clients and Interior designers to provide state of the art interior outfitting presentations, detailed specifications and intensive completions support.

In Summer 1999, I created my own agency.

As the central point of contact during completion programs, I controlled interior design, engineering, installations and quality survey while ensuring on-site representation, production planning and management for VVIP and Head of State aircraft completions. Studio E/Motions has been involved in the following projects over the past 16 years :

- 5ea BBjs B737-700 (including Boeing demonstrators 1 & 2),
- 1ea VVIP B767-300 Full retrofit
- 1ea VVIP B747 SP,
- 1ea A340-200 Head of State,
- 2ea VVIP A340-600,
- 1ea A321 Head of State,
- 7ea VVIP A320CJ,
- 7ea VVIP A319CJ.
- 1ea VVIP BBJ3 B737-900,
- 1ea VVIP G550,
- 1ea VVIP F900,
- 2ea VVIP B777-200LR,
- 1ea VVIP B777-300ER,
- 2ea B777-300ER Head of State,
- 1ea VVIP BBJ2 B737-800,
- 2ea B747-8i Head of State,
- 1ea B787-8 Head of State.

The above projects induced Studio E / Motions to develop extensive Interior design skills and experience, as well as become creative problem solvers with the ability to develop visionary solutions to complex business and technical challenges found in the aviation industry. With over 29 years in the industry we've successfully built strategic alliances with clients, Aircraft manufacturers, completion centers and vendors.
